

IDENTITY AUDIT

Your Identity Map

The written map you receive after our session — yours to keep and act on.

CLIENT SNAPSHOT

12+ years into a successful career. *"Everyone says I've made it. It doesn't feel like mine."*

01

STRIP AWAY THE NOISE

Scripts that aren't yours

- "Success means never disappointing the people who invested in me."
- "Stability is the same thing as safety."
- "Wanting more makes me ungrateful."

02

DEFINE YOUR BOUNDARIES

Where your energy leaks

- Saying yes before checking whether you mean it.
- Carrying decisions that belong to other people.

BOUNDARIES TO HOLD

- No new commitments for the next 30 days.
- Protect the first hour of the day — it's yours.

03

FIND YOUR TRUE NORTH

What actually pulls you forward

- Building things that outlast a job title.
- Time that isn't accounted for to anyone.
- Teaching — the part of the work you never resented.

YOUR NEXT STEP

One experiment, not a leap: spend a day replacing your mornings for the work that feels like a home, then reassess from there.
